SUMMARY

Skilled frontend developer with more than one year of experience seeking a position to utilize my expertise in creating innovative and user-friendly web applications. Proficient in various front-end technologies. Strong problem-solving skills and ability to collaborate with cross-functional teams to deliver exceptional results.

EXPERIENCE

JETSONS ROBOTICS | WEB DEVELOPER

Jan 2022 – April 2023 | New Delhi

- Developed SaaS platform using React that enabled clients to manage, automate, and monitor Robots, reducing the need for manual operations.
- Implemented responsive user interfaces utilizing HTML, CSS, JavaScript, and Reactjs to enhance the overall design and functionality of web applications.
- Implemented state management libraries Redux and Redux toolkit in React app to manage app state globally.
- Integrated Firebase, Connected REST APIs using Axios and Fetch with complete CRUD functionality and JWT for Authentication in React web apps.
- Optimized web app performance by identifying and resolving issues, improving page load times and enhancing user experience.
- Conducted comprehensive testing and debugging of web applications to ensure seamless functionality across multiple browsers and devices.

JETSONS ROBOTICS | WEB DEVELOPER - INTERN

July 2021 – Dec 2021 | New Delhi

- Built a complete React web app for Robot control from scratch and deployed it on the Firebase hosting service.
- Integrated Firebase in React web apps and used its services like RTDB, Firestore, Auth, Cloud Function, and Web Hosting.
- Maintained git repositories of web development projects on Github and BitBucket.

PROJECTS

MEMORIES BLOG - PLATFORM FOR MEMORY SHARING

April 2023 [Click here for live demo](#)

- A platform to post memories and share them with friends.
- This platform utilizes REST API with complete CRUD functionality built with Nodejs, ExpressJs, MongoDB and Reactjs.

CHAT APP - WEB APP FOR CHATTING

June 2022 [Click here for live demo](#)

- A web app for chatting with friends and families in real-time.
- This web app utilizes React as Frontend and Firebase as backend with its various services like Auth, RTDB, and Storage.

BOX OFFICE - WEB APP FOR OTT AND TV SHOWS SEARCH

May 2022 [Click here for live demo](#)

- A web app for searching OTT and TV show information.
- This web app utilizes Reactjs and TVMaze API service.
