SKILLS

PROGRAMMING
JavaScript

FRONT-END
Html • Css • Bootstrap
DOM • Jquery • ReactJs
Material UI • React Suite

BACK-END
Linux • NodeJs • ExpressJs
Ejs • Rest APIs

DATABASE
MongoDb

CLOUD
Firebase • GCP • Azure

OTHER
Git • Figma • Canva

SUMMARY

Web Developer with experience in building, debugging, testing, maintaining, and deploying web applications. My proficiency in using technologies such as HTML, CSS, JavaScript, ReactJS, NodeJS, ExpressJS, Redux, Axios, Firebase and MongoDB, coupled with my strong problem-solving, analytical skills and passion for learning new technologies, make me an asset to any development team.

EXPERIENCE

JETSONS ROBOTICS | WEB DEVELOPER
Jan 2022 – Present | New Delhi
- Developed and maintained web applications using HTML, CSS, JavaScript, ReactJS, NodeJS, ExpressJS, and MongoDB database.
- Integrated and used state management libraries like Redux for data flow and state management in React web apps.
- Created REST APIs in the backend with NodeJS and ExpressJS and integrated them with frontend React web apps using Axios.
- Integrated Firebase services such as Authentication, Firestore, RTBDs, Storage, and Firebase Function to frontend as well as backend.
- Integrated Google auths in frontend for user account creation, Authentication, and authorization to the backend using JWT.
- Connected and used MongoDB database to backend server Nodejs.
- Implemented react hooks, custom hooks, UI libraries such as Material UI and React Suite, and navigation libraries such as react-router in React web apps.
- Debugged and resolved issues related to web applications.
- Conducted tests on web applications and ensured their proper functioning.
- Collaborated with the team to develop and deploy web applications.
- Implemented new features to improve the overall functionality of web apps.
- Maintained the quality of web applications by ensuring their smooth performance and user-friendliness.

JETSONS ROBOTICS | WEB DEVELOPER - INTERN
July 2021 – Dec 2021 | New Delhi
- Developed Frontend web apps with Reactjs.
- Integrated and consumed back-end microservices, and Rest APIs on UI.
- Maintained git repositories of web development projects on GitHub and BitBucket.

CERTIFICATION & TRAINING

REACTJS
INTERNSHALA - 2022
certificate: **view** score: 94%

NODEJS
INTERNSHALA - 2023
certificate: **view** score: 100%
